PRODUCT DATA SHEET

British General 8BTM/2-01

BG Nexus Series White Moulded Double Master Telephone Socket Screw Type

Manufacturer: Luceco plc

GTIN: 5050765002325

Family: Wiring Devices

Range: White Moulded 800 Series

DESCRIPTION

This Nexus 800 series white moulded master double telephone socket from British General uses a screw terminal connection and should be used where your telephone line enters your property. This is the best place to connect your router as it's where you're most likely to get the best performance and fastest speeds for your broadband. If you have more than one socket, the master socket is the one that will feed any extension sockets. Its moulded white front-plate has a high resistance to fading, discolouration and scratches, with inherent anti-microbial properties proven to reduce bacterial development and inhibit the growth of infectious diseases. Designed with captive screws for ease of installation, and finished with softly rounded edges and screw caps for a sleek appearance.

- Screw terminals
- Easy to install, supplied with fixing screws and installation instructions
- Used for the main telephone socket
- Captive screws prevent screw loss
- Screw covers for sleek appearance
- Shuttered socket
- Minimum mounting box depth 25mm
- Manufactured using high grade thermoset Urea which effectively inhibits the growth of infectious diseases, including MRSA, E-Coli, Salmonella and Klebsiella Pneumonia bacteria
- ASTA Licence number 1018

TECHNICAL SPECIFICATION

ETIM Class: Modular coupler (EC001134)
