Securi-flex SFX8CTY3PVCWHT100 SFX/8C-TY3-PVC-WHT-100

Securi-Flex SFX/8C-TY3-PVC-WHT-100 Cable 100m 8 Core TCCA Type 3 Alarm Cable Cable White PVC

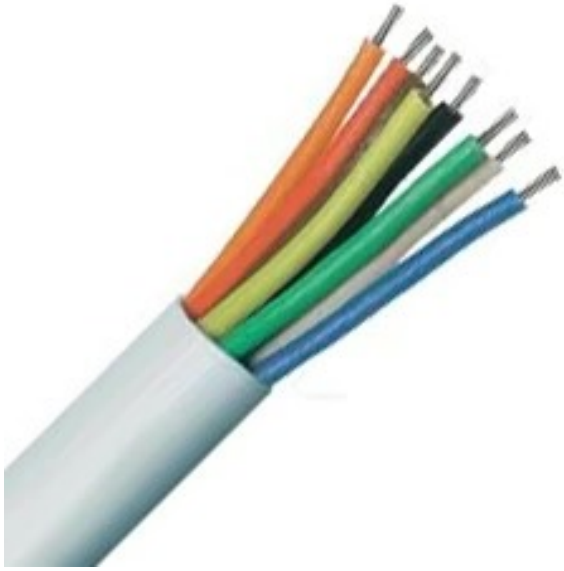
Manufacturer: Securi-flex Limited

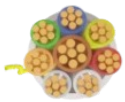
GTIN: 5056631501619

Alt. Part Number: SFX/8C-TY3-PVC-WHT-100

Family: Alarm Cable

Range: Type 3 PVC Alarm Cable





DESCRIPTION

Alarm cable is mainly used in the security industry to connect alarm system equipment, like control panels and sensor controls. It can be used for both commercial and domestic properties. Our range of alarm cable products covers all ends of the price and specification spectrum, from budget-friendly TCCA to premium copper. These are available in a variety of sheathing materials, including PVC, LSF, LSZH & externally rated sheath types such as PE and Direct Burial. They are also offered as screened for minimal interference, as well as in a range of core numbers, from 4 cores to 12 cores with 20 core available upon request. Our 6 core and 8 core alarm cable are some of the most popular ranges.

- Generally used for connecting alarm equipment such as sensors, control panels and other low voltage circuits
- This cable is ROHS compliant
- Polyvinyl chloride plastic has excellent aging properties and will usually exceed a 25-30 year service life
- This is the most popular and cost effective cable for general intruer alarm solutions
- Improved performance and protection against fire

TECHNICAL SPECIFICATION

ETIM UK and Ireland

ETIM Class: Data and communication cable (EC003249)

Primary Features

Cable type	U/UTP	Number of cores	8
Category	None	Sheath colour	White

Additional Features

Conductor Diameter (mm)	0.2	Reaction-to-fire according to EN 13501-6: Class	Eca
Conductor material	Other	Sheath material	Polyvinyl chloride (PVC)
Core insulation material	Polyvinyl chloride (PVC)	With rip cord	Yes

FURTHER DETAILS

Product Status (at download): Active

Date Updated: 05-08-2025

Trade Tariff Commodity Code: 85444920

Country of Origin: Not supplied
