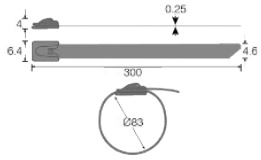
## Q-Fire Stainless Steel Roller Ball Cable Ties 300mm x 4.6mm

Manufacturer: Scolmore Group

GTIN: 5055287098962

Family: Cable Ties

Range: Roller Ball Range



## DESCRIPTION

Stainless Steel Roller Ball Cable Ties are typically suitable for applications that require a high-level of protection against corrosion and environmental conditions, which may cause typical nylon cables to disintegrate. They are used for indoor, outdoor and underground applications. The range of Stainless Steel Roller Ball Cable Ties are a self-locking design for fast and secure installation with a long service life. The smooth round edges of the Cable Ties makes them suitable for all types of cable insulation.

- High-level of protection against corrosion and environmental conditions
- Suitable for indoor, outdoor and underground applications
- Self-locking design for fast and secure installation
- Suitable for all types of cable insulation
- Long service life

## TECHNICAL SPECIFICATION

### ETIM Class: Cable tie (EC000046)

### Primary Features

| | | | |
|---|---|---|---|
| Band width (mm) | 4.6 | Length belt/tape/tie (mm) | 300 |
| Colour | Stainless steel | Material | Metal |

## Additional Features

| | | | |
|---|---|---|---|
| Band closure | Ball latch | Operating temperature (°C) | -40 - 300 |
| Fluorescent | No | Surface protection | Untreated |
| Material qualifier | Stainless steel 304 (V2A) | Tie thickness (mm) | 0.25 |
| MIL approval | No | Transparent | No |
| Min. tensile strength (N) | 778 | Type of fastening | None |
| Model | Without toothing | UL approval | No |
| Mounting temperature (°C) | -40 - 300 | VG approval | No |
