

Europa STB605025A

EUROPA IP65 powder coated steel enclosure 600mm x 500mm x 250mm

Manufacturer: Europa

GTIN: 5056551217508

Family: Enclosures

Range: Steel Enclosures

DESCRIPTION

The Europa STB605025A is a durable, IP65-rated steel enclosure designed for secure and versatile installations. Measuring 600mm in height, 500mm in width, and 250mm in depth, this enclosure is constructed from 1.2mm thick epoxy-coated steel, providing excellent protection against dust and water ingress. It includes earth studs and a galvanized back plate, along with top and bottom gland plates for flexible cable entry. The enclosure is finished in RAL 7035 light grey and is ideal for various heavy-duty applications, although it is not recommended for outdoor use.

- Range uniformity & flexibility
- Increased security
- Reduced install time
- Wide range of applications
- Earth studs & galvanised back plate included
- Not recommended for outdoor use, please refer to our ATLAS GRP enclosures
- Wide range of applications covered

TECHNICAL SPECIFICATION

ETIM Class: Enclosure/switchgear cabinet (EC000261)

Primary Features

Colour	Grey	Material	Steel
Degree of protection (IP rating)	IP65	Material qualifier	Other
Depth (mm)	250	Width (mm)	500
Height (mm)	600		

Additional Features

Corner model	No	Suitable for metrical mounting	Yes
Couplable	No	Suitable for outdoor installation	No
EMC-version	No	Suitable for wall built-in	No
Floor standing wall model	No	Suitable for wall mounting	Yes
Freestanding	No	Surface finish	Powder coated
Intermediate mounting	No	Transparent cover	No
Mounting plate depth-adjustable	Yes	With backside door	No
Number of doors	1	With cover	No
Number of locks	2	With door	Yes
Pitched roof	No	With glazed door	No
Pole fastening	No	With mounting plate	Yes
Pre-stamping	No	With ventilation door	No
RAL number	7035
