

PRODUCT DATA SHEET

Timeguard SLB2301

PIR & Photocell 2kW Standalone Black

Manufacturer: Timeguard

GTIN: 5016211465175

Family: Lighting

Range: Controls

DESCRIPTION

Timeguard's powerful 2kW standalone outdoor PIR sensor is ideal for new and existing installations, offering a detection angle of 180° and a range of 12m. Push-fit terminals allow for easy installation, while the adjustable detector head pans 45° to the left or right and tilts down by 30° when mounted on a vertical surface.

Additionally, the optional Dusk-To-Dawn mode utilises the photocell to switch the load on at dusk and off at dawn, whilst the LUX Learn setting memorises the ambient light level that is required to activate the load.

- Powerful PIR sensor suitable for new and existing installations
- 180° detection up to 12m at a mounting height of 2.5m
- Light level adjustment 2 to 1000 LUX and time duration of 2 seconds to 15 minutes
- Pan and tilt feature alters the detection zone
- Manual override function and adjustable sensitivity settings
- Suitable for 2kW halogen or 400W LED
- Push-fit terminals for easy installation
- IP65 rating for total protection against dust and low-pressure jets of water from any direction
- BS EN 61347
- 3-year guarantee

TECHNICAL SPECIFICATION

ETIM Class: Motion detector (EC000133)
