

PRODUCT DATA SHEET

Atkore Marco MT105

Juno UPVC White Trunking - 50mm Deep - 100mm High- 3000 mm Length

Manufacturer: Atkore Unistrut & Marco

GTIN: 5052446763310

Family: uPVC Trunking

Range: Juno

DESCRIPTION

Juno trunking in a single compartment uPVC dado system, which can be subdivided with a dividing strip for power, data and telecommunication cables

- The position of the divider fixing points allow for two, three or four compartments to be made depending on installation needs
- Juno's smaller profile makes it perfect for installations with small distribution requirements, especially where space is limited
- DDA compliance is attainable using contrasting centre lids or socket plates. Juno is available with light grey or charcoal variations to its standard pure white centre lid
- Atkore Marco also offer Juno as individual pre-assembled units, ideal for student accommodation, and other installations with repeating specifications
- Juno forms part of the BIM downloads, an integral part of the Marco uPVC range, the entire Juno product family is available
- Juno is available with Hygieia protection. The anti-microbial element forms an integral part of the trunking meaning there is no loss of performance if the trunking is damaged

TECHNICAL SPECIFICATION

ETIM Class: Dado/Skirting trunking (EC000088)

Primary Features

Depth (mm)	50	Length (mm)	3000
Height (mm)	100	Material	Plastic

Additional Features

Colour cover	White	Number of partitions	0
Decoration	None	Protection film	Yes
Degree of protection (IP rating)	IP00	RAL number	9010
Halogen free	No	Type of fastening	Bottom perforation
Impact resistance (IK rating)	IK00	With carpet border	No
Material qualifier	Polyvinyl chloride (PVC)		

FURTHER DETAILS

Product Status (at download): Active

Date Updated: 19-04-2024
