

PRODUCT DATA SHEET

British General 606-01

BG Junction Box 6 Way, 20A, 3.5/89mm Dia, Brown

Manufacturer: Luceco plc

GTIN: 5021166606207

Family: Wiring Devices

Range: Junction Boxes

DESCRIPTION

This brown 6 way 20A selective entry junction box has a 3.5/89mm diameter base and is primarily used to extend power and lighting circuits. The 4 selective entries in the side wall with knockouts will allow the apertures to be enlarged if required. This junction box can also be used to repair damaged cables preventing a full re-wiring of the circuit.

- Junction box with cable entries in the side wall that are selectable by alignment of symbols and text on the cover
- 4 selective entries in side wall with knockouts allowing for apertures to be enlarged
- 4 knockouts in the base to facilitate ease of wiring
- Slotted terminals allowing for unbroken ring wiring
- Lower lip of entries can easily be knocked out to take twin cables
- Robust generous capacity slot terminals with large grub screws
- Captive cover fixing screw
- Moulded in brown urea
